Our Feedback

We can tell you what we do—but it means more coming from the people we've actually worked for.

Here's what they had to say.

James is incredibly professional and talented. He completely gutted and renovated our bathroom, and we are so happy with the work he has done.

He gave us practical and stylistic advice whilst we were deciding what fittings we should install, and provided us with measurements and suggestions which made choosing the vanity, bath and mirrors very easy.

He was always available to contact or call if we had any questions, which made the entire process so easy. He also cleaned up after himself throughout the house the entire time he was renovating.

We had a very specific deadline and he worked tirelessly to meet it.

I and my family will forever use James for any bathroom, kitchen and laundry renovations we need done.

Highly recommend James for any renovation needs you have.

I recently used Title Craft to renovate my bathroom. James was extremely pleasant to work with. He was very helpful and gave me great advice throughout the renovation. He stuck to his original timeline and the job was finished on schedule. His work is of a very high standard.

James was very mindful of keeping my house clean and tidy throughout the whole process. I was so pleased with his work that I used him again to coordinate my kitchen renovation.

I would thoroughly recommend Tile Craft and James. They are very easy to work with and I ended up with a beautiful bathroom and kitchen.

We were recommended James from Tile Craft Co. by a friend and we're so glad we chose him for our bathroom renovation. James was directly involved in every step, and he did an incredible job.

He helped us find the perfect balance between our desired outcome and our budget, and the final result looks even better than we imagined.

What really stood out was his professionalism. James was an excellent communicator, always punctual, and incredibly considerate. As a family of four living in the house during the renovation, we really appreciated that he worked around our schedules and made sure to clean up thoroughly every single day. This made the whole process stress-free and our house always felt liveable. We also had a few minor issues after the job was complete, and James was more than happy to come back and fix them.

We couldn't be happier with our new bathrooms and would highly recommend James from Tile Craft Co. to anyone!

James did a fantastic job on the tiling at our venue in Balnarring. He was punctual and professional and got the job done with an excellent finish despite the extra challenge of using hand made tiles that I had chosen. Top bloke, highly recommend!
